Outlook

# Overview

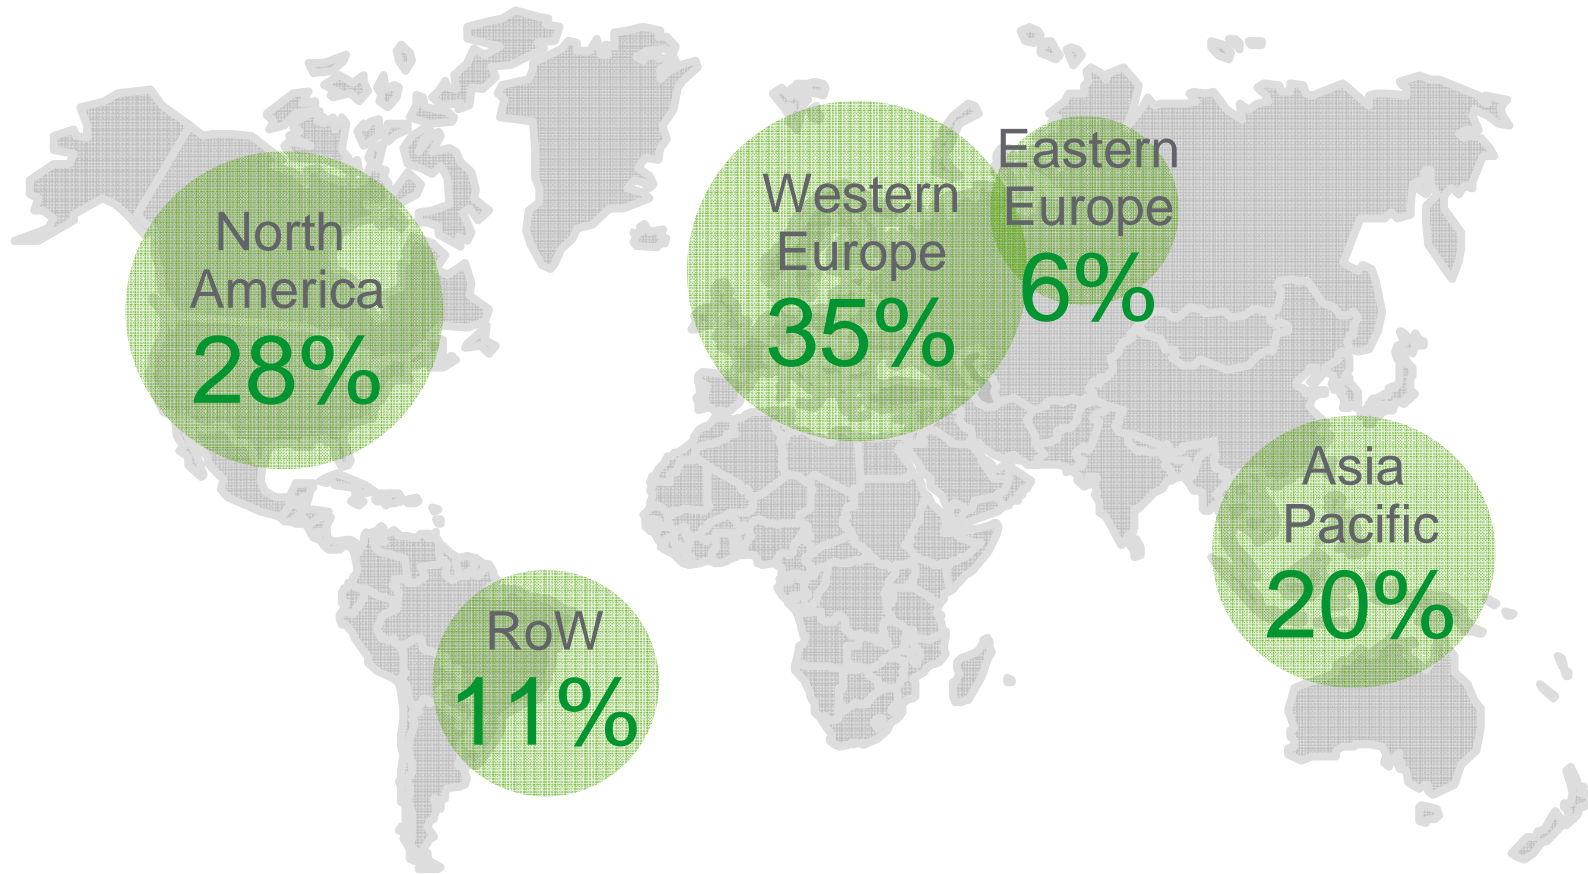

# We are the global specialist in energy management

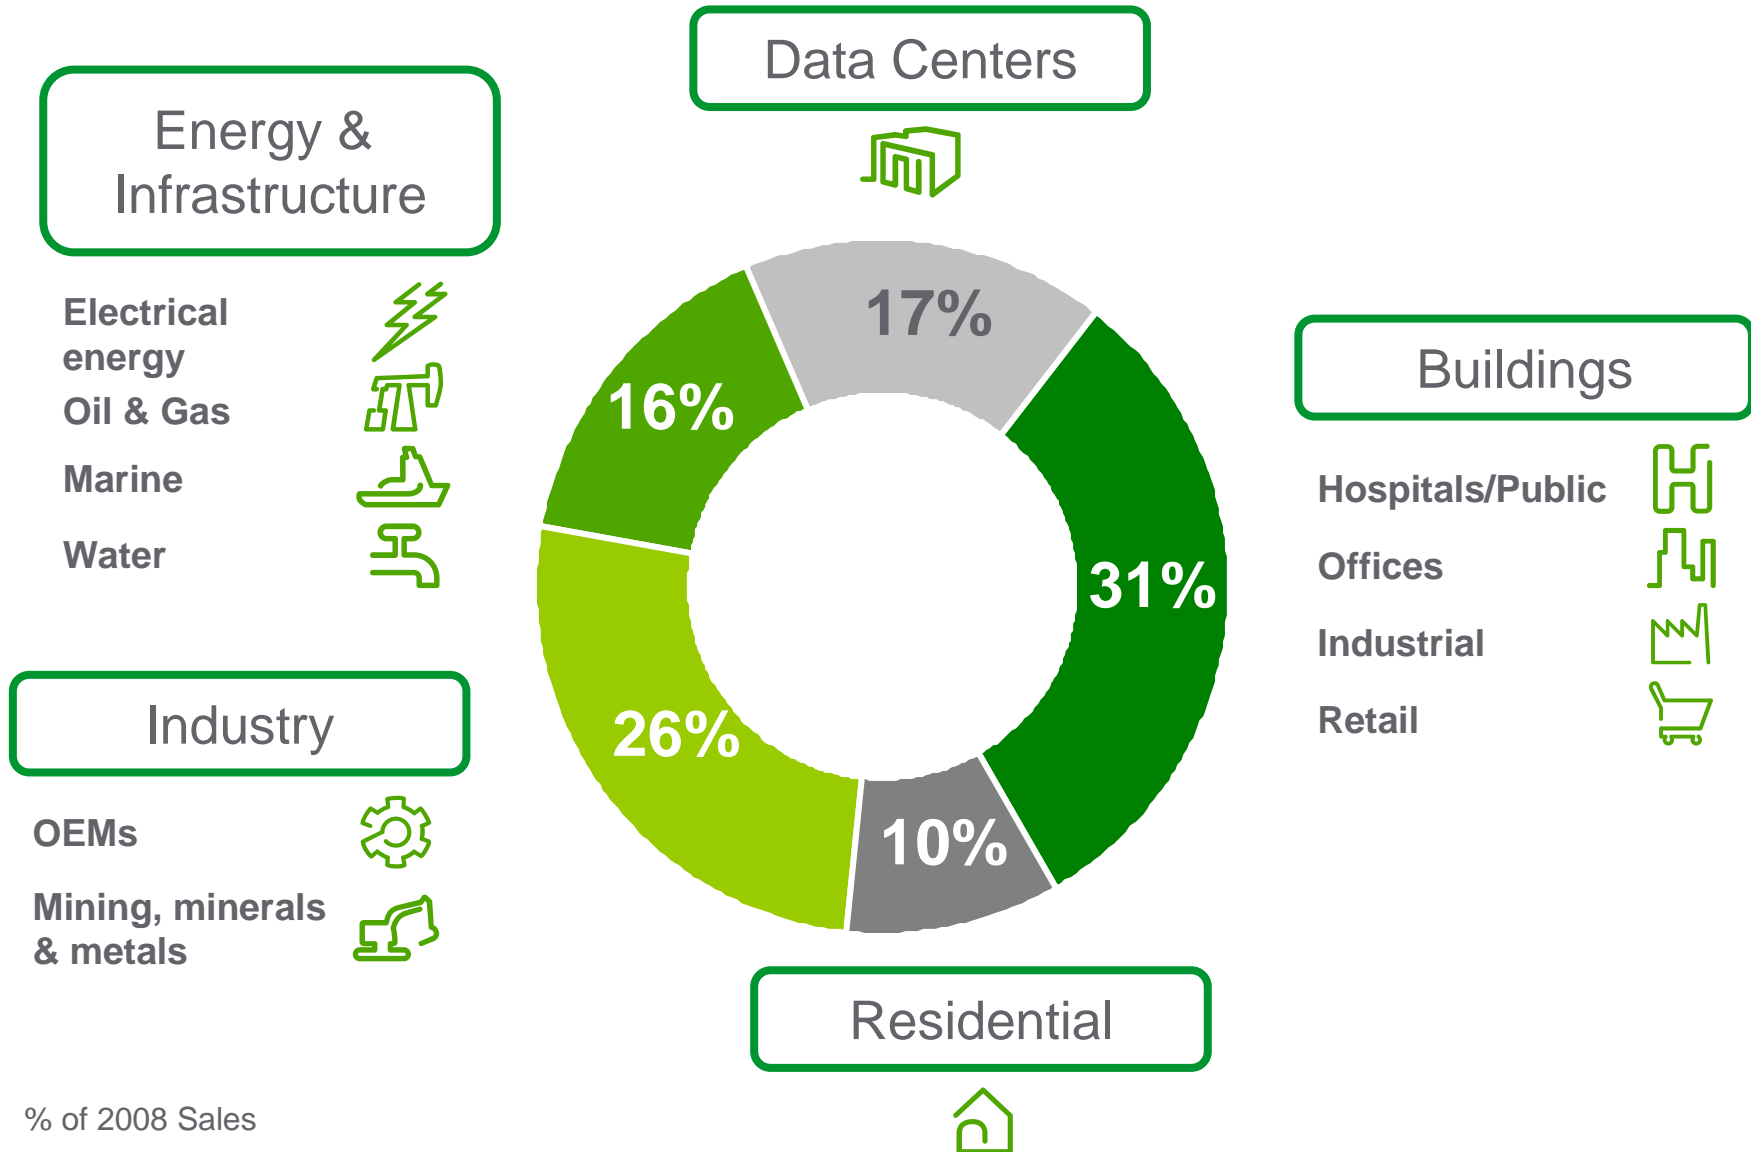

We help our customers **achieve more** while using less of our common planet

... with a balanced global footprint

Presence in more than **100** countries  
New economies sales **32%** of Group

# ... and diversified end-markets

% of 2008 Sales

# We are committed to innovation

## For Buildings & Residential

Green power  
batteryless &  
wireless switch  
based on *Zigbee*  
technology

## For Industry

SoMachine.  
One single software to  
reduce time to market.  
Time of design reduced  
from 18 to 4 months

## For Power

Compact NSX, the  
first circuit breaker  
that combines  
protection and  
monitoring of power  
consumption

## For IT

Surge protector  
with LCD Timer,  
enabling significant  
energy savings

- **Partnering with best-in-class public and private organizations** (IBM, Cisco, Microsoft, MIT, Shanghai University)
- **Committed to standardization** (Green grid, Zigbee, IEC)
- **Leading innovation projects** (Minalogic, Teneerrdis)

# We are a socially responsible company committed to sustainable development

## Our Foundation demonstrates our commitment

- Be an involved party to provide energy access to the 1.6 billion people currently without electricity
- Support the insertion of underprivileged young people through our businesses
- Contribute to start-up companies in our business
- Support the reconstruction for the victims of natural disasters

## A recognised performance

### We are in the main Socially Responsible Investment (SRI) indices

- ASPI, Dow Jones Sustainability World, Ethibel Sustainability Index

### #95 in latest Covalence ethical ranking

## A measured performance

### Our Planet & Society Barometer

- Score / 10  
Jan. 09      **Q2 2009**      Target 2011  
3.0            **4.3**            8.0
- Our 2005-2008 performance:  
from 3.6 to 8/10

One: at work to contribute  
to resilience and prepare  
the future

# Focused execution of One company program in tough business environment

1 solution provider

1 leader  
in new economies

1 global  
company

- Solutions' growth at **+11 pts** above group average
- Growth in new economies **+6 pts** above mature countries
- Support function cost reduction ahead of plan: **€310m**
- Productivity resisted to sharp volume fall and is **ramping up** fast

**H1 results**

EBITA margin: **11.6%** before restructuring costs  
Free Cash Flow: **€726m** up 8% vs H1 2008

# Solutions and services approach reduces impact of market slowdown

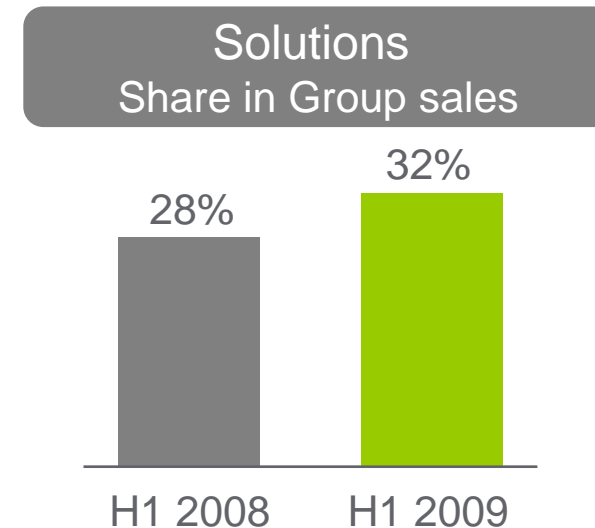

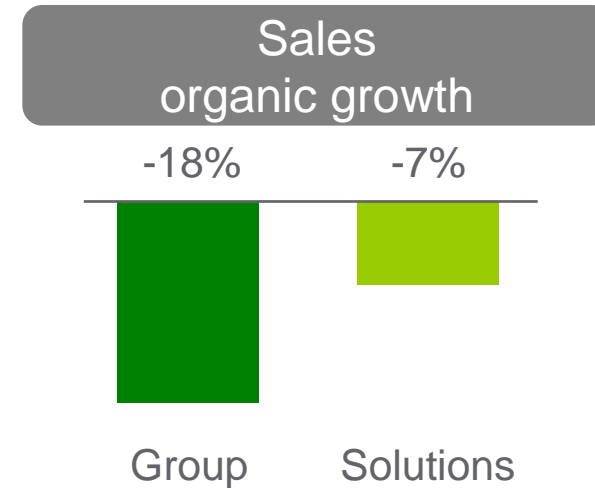

**Growing need for energy efficiency**

**Strong demand in services**

**Deployment of complete solutions for renewable**

**Acceleration of our solutions capability**

- Gearing up EcoStruxure
- Trained 900 to date

# Gearing up EcoStruxure™ to support our move in solutions

## Key enabler to complete solution approach

- Guaranteed compatibility of different offerings of Schneider business portfolio to generate synergy for customers
- Up to 30% energy efficiency
- Capex & Opex reduction
- Enabled by the right connecting technologies (IP as common highway, Web services)

## Some quick wins already on the market

- Power monitoring integrated with building management system
- Integration of remote video control within the industrial process software
- Consolidation of power monitoring with manufacturing execution system (MES) at enterprise level

# New economies held up better than mature countries

**32% of group sales**

- China gaining momentum
- Growing Africa
- Hard hit Eastern Europe

**Progressive recovery of their structurally higher growth potential**

**Acceleration of penetration**

- With bolt-on acquisitions: Conzerv (India), Microsol (Brazil)
- Specific attention on talents

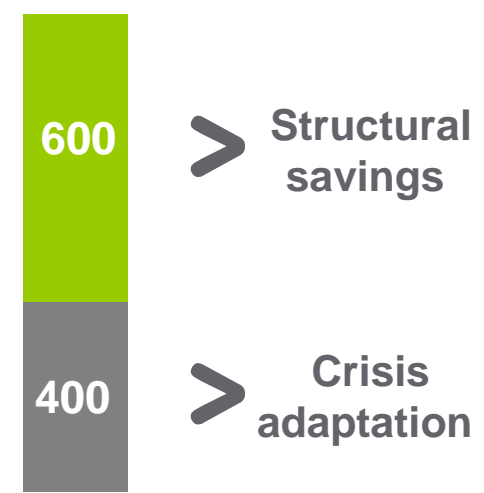

# SFC reduction ahead of plan thanks to mobilization at all levels

Support function costs analysis (in €m)

Target savings by end 2011

Benefits from initiatives launched as early as Q4 2008  
Accelerated execution to reach savings target faster than planned

# Key actions taken to reduce SFC

Simplification streams	Actions undertaken	Progress vs. plan
Finance & HR optimization	<ul style="list-style-type: none"> <li>• On-going deployment of global shared services</li> <li>• Expertise globalization (tax, legal, finance, HR)</li> </ul>	++
Marketing simplification	<ul style="list-style-type: none"> <li>• Audit of overlap business unit/zone and levers of efficiency</li> <li>• Marketing globalization</li> <li>• Launch of One Web in 85 countries</li> </ul>	+
Sales Force Effectiveness	<ul style="list-style-type: none"> <li>• Alignment on best practices on sales efficiency</li> </ul>	+++
Other actions	<ul style="list-style-type: none"> <li>• Co-location</li> <li>• IT globalization</li> <li>• Commercial sites rationalization</li> <li>• Brand migration</li> </ul>	+++

# In progress to boost productivity in the supply chain

References  
(number of SKUs)

% of purchases  
with selected suppliers

Rapid start for the optimization of offerings (-170k SKUs)  
Good progress of supplier concentration

# Strong effort to absorb manufacturing base costs despite sharply lower volume

H1 industrial productivity performance (in €m)

Purchasing	53
Lean Manufacturing	15
Rebalancing	27
<b>Productivity before fixed manufacturing costs</b>	<b>95</b>
(Under) absorption of fixed manufacturing costs	(95)

Target savings by end 2011

First benefits of initiatives pushed productivity to positive territory in Q2

Continued ramp-up of productivity into the year

# Resilience demonstrated despite unprecedented market downturn

<sup>1</sup> 1999-2005: EBIT, 2006-2009: EBITA

# Finance presentation

# H1 topline affected by weak end-markets

## Sales organic growth by division

	H1 2009
Electrical Distribution	-13.0%
Automation & Control	-26.7%
Critical Power	-17.7%
<b>Group</b>	<b>-17.9%</b>

## Sales organic growth by region

	H1 2009
Europe	-19.1%
North America	-22.6%
Asia-Pacific	-15.3%
Rest of the World	-2.1%
<b>Group</b>	<b>-17.9%</b>

# Margin supported by cost reduction benefit

In m€	H1 2008	H1 2009	Change
Sales	8,946	7,755	-13.3%
<i>Organic growth</i>			-17.9%
Gross profit	3,681	2,974	-19%
<i>Margin %</i>	41.1%	38.3%	-2.8pt
R&D expenses	(199)	(180)	-10% <sup>3</sup>
SG&A expenses	(2,064)	(1,895)	-8%
EBITA <sup>1,2</sup> before restructuring	1,411	903	-36%
<i>Margin %</i>	15.8%	11.6%	-4.2pt

<sup>1</sup> After reclassification of the interest component of defined benefit plan costs (see appendices for details)

Reclassification impact on H1 2009 margin is +0.4pt vs. +0.2pt in H1 2008

<sup>2</sup> EBIT before amortization and impairment of purchase accounting intangibles

<sup>3</sup> R&D budget (including charges in Cost of Goods Sold) down 2% in H1 to €374m or 4.8% of sales

# Net income impacted by exceptional items

In m€	H1 2008	H1 2009	
EBITA before restructuring <sup>1</sup>	1,411	903	
<i>Margin %</i>	<i>15.8%</i>	<i>11.6%</i>	
Restructuring costs	(52)	(112)	Step-up in restructuring charges to support cost initiatives
<b>EBITA</b>	<b>1,359</b>	<b>791</b>	
Amortization & impairment of purchase accounting intangibles	(49)	(108)	Including €50m impairment for Customized Sensors business unit in 2009
<b>EBIT</b>	<b>1,310</b>	<b>683</b>	
Net financial expense <sup>1</sup>	(132)	(198)	Net financial expense increase detailed in slide 31
Income tax	(313)	(114)	
Equity investments	6	(8)	
Minority interests	(20)	(17)	Effective tax rate remains attractive at 23.5%
<b>Net income (group share)</b>	<b>851</b>	<b>346</b>	
<i>Earnings per share</i>	<i>3.56</i>	<i>1.43</i>	
<b>Adjusted net income<sup>2</sup></b>	<b>925</b>	<b>514</b>	Adjusted net income down 44%

<sup>1</sup> After reclassification of the interest component of defined benefit plan costs (see appendices for details)

<sup>2</sup> Adjusted for restructuring costs and purchase accounting related charges, at the period's effective tax rate

# Volume effect partially offset by cost actions and prices

€528m brought by prices and cost savings

<sup>1</sup> Industrial productivity of +95 before -95 of under-absorption of fixed manufacturing costs

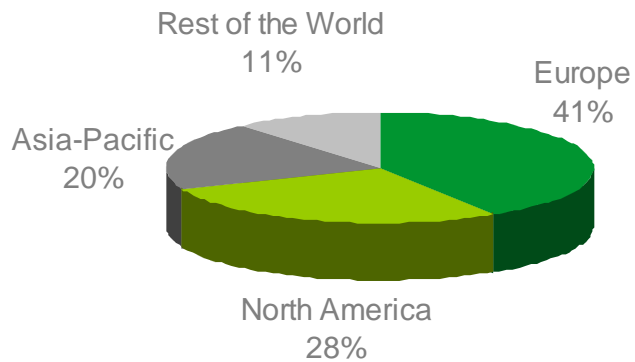

<sup>2</sup> Of which Raw materials: +23, Production labour & other Costs: -26

<sup>3</sup> Of which translation: +71, transaction: -124

# Europe profits hard hit by downturn while new economies posted better resistance

EBITA before restructuring by region  
(before corporate costs<sup>1</sup>)

**Sales**  
€7,755m

<sup>1</sup> Corporate costs of €160m in H1 2009 (€157m in H1 2008)

# Automation & Control impacted by weak industry markets, Critical Power margin almost stable

EBITA before restructuring by business  
(before corporate costs<sup>1</sup>)

<sup>1</sup> Corporate costs of €160m in H1 2009 (€157m in H1 2008)

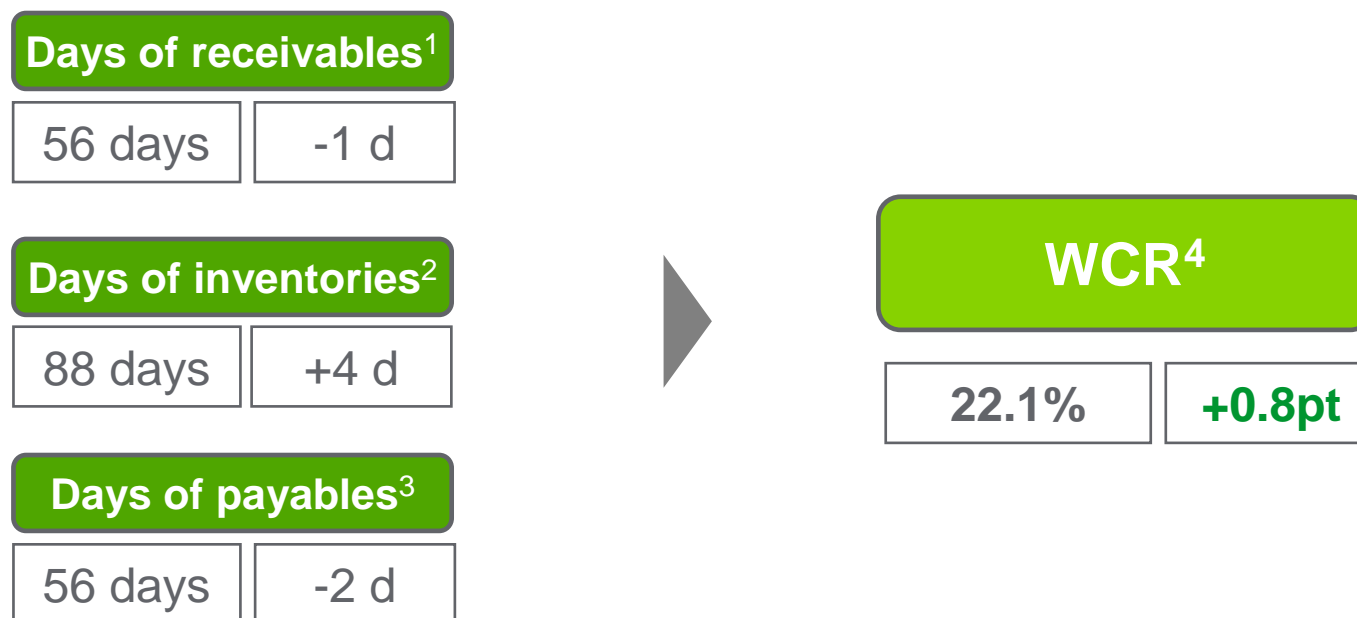

# Net debt reduced by over €1bn over the past 12 months thanks to robust free cash flow

Analysis of debt change in €m	H1 2008	H1 2009	LTM
Net debt at opening	(4,936)	(4,553)	(5,220)
Operating cash flow	1,199	770	2,071
Capital expenditure – net <sup>1</sup>	(314)	(288)	(667)
Change in operating working capital	(260)	296	470
Change in non-operating working capital	50	(52)	(88)
<b>Free cash flow</b>	<b>675</b>	<b>726</b>	<b>1,786</b>
Dividends <sup>2</sup>	(796)	(315)	(315)
Acquisitions	(170)	(41)	(469)
Capital increase	5	0	139
Other	2	41	(63)
<b>Increase (decrease) in net debt</b>	<b>(284)</b>	<b>411</b>	<b>1,078</b>
<b>Net debt at June 30</b>	<b>(5,220)</b>	<b>(4,142)</b>	<b>(4,142)</b>

<sup>1</sup> Including R&D capitalization of €112m (€212m in LTM)

<sup>2</sup> Dividends paid in 2009 amount to €837m, of which €522m have been paid in shares (at shareholders' option)

# Tight inventories and receivables control limits variation in working capital requirement ratio

- 1 Days of sales
- 2 Days of COGS (cost of goods sold)
- 3 Days of purchases
- 4 % of sales

# Cash generation remains robust

Free cash flow in €m

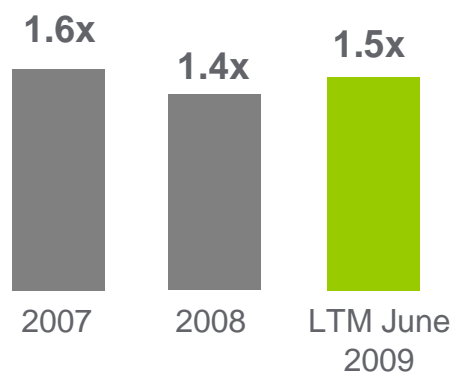

Cash conversion  
(Free cash flow / net income)

# Net debt / EBITDA credit ratio remains low at 1.5x only

Net debt / EBITDA<sup>1</sup>

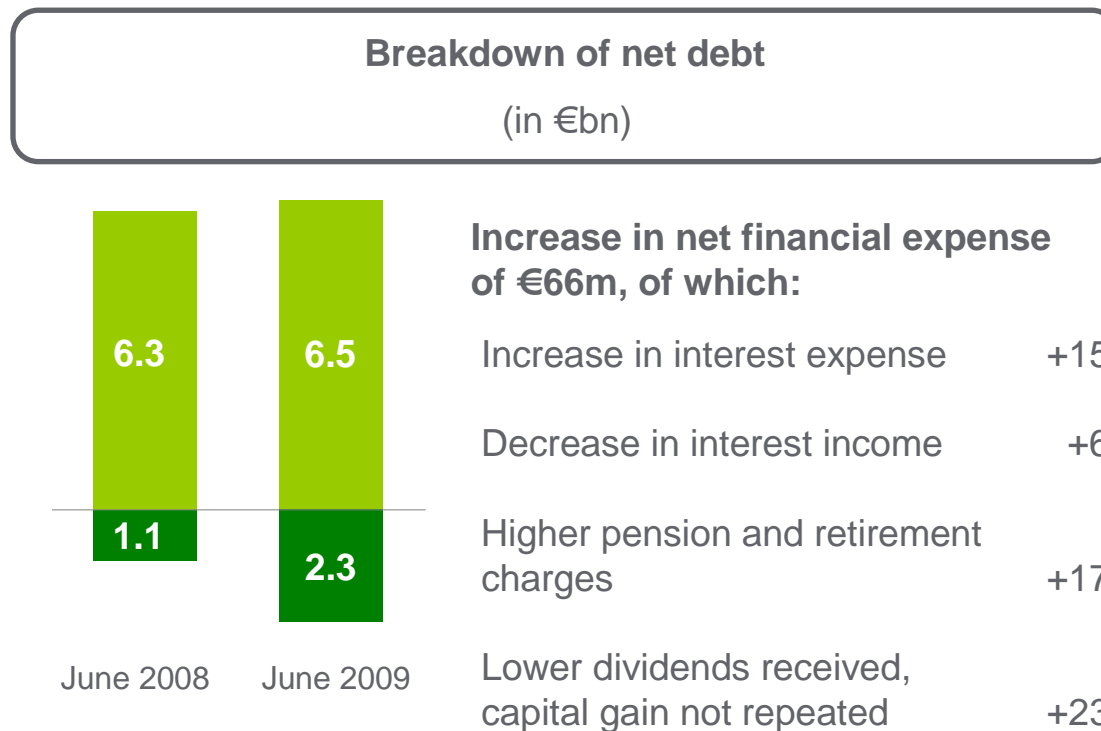

Free Cash Flow / Net debt

<sup>1</sup> EBITDA of €1,064m in H1 2009 (€1,619m in H1 2008)

# Strong liquidity, reinforced throughout the crisis

**Cash balance increased by €1.2 billion**

**Undrawn credit facilities of €3.0 billion**

# Outlook

# Full year outlook

## Business trends

End markets to remain soft

Exposure to more resilient new economies

Early signs of sequential improvement in some business segments

## Profitability

Productivity ramping-up

Continue our effort on cost reduction

Lower raw material prices to offset price effect in H2

More restructuring charges in H2 to support 2010 savings

H2 organic sales trend to be in line with the level of H1

**12%** EBITA margin before restructuring costs

# Working towards long term resilience

**Energy management: a promising business**

**Unique business portfolio with leadership position**

**Strong footprint in new economies**

**Laying a strong base for long term growth and profitability**

**One: an ambitious program to guide us through to 2011**

**Leaner cost structure**

**Focus on cash management**

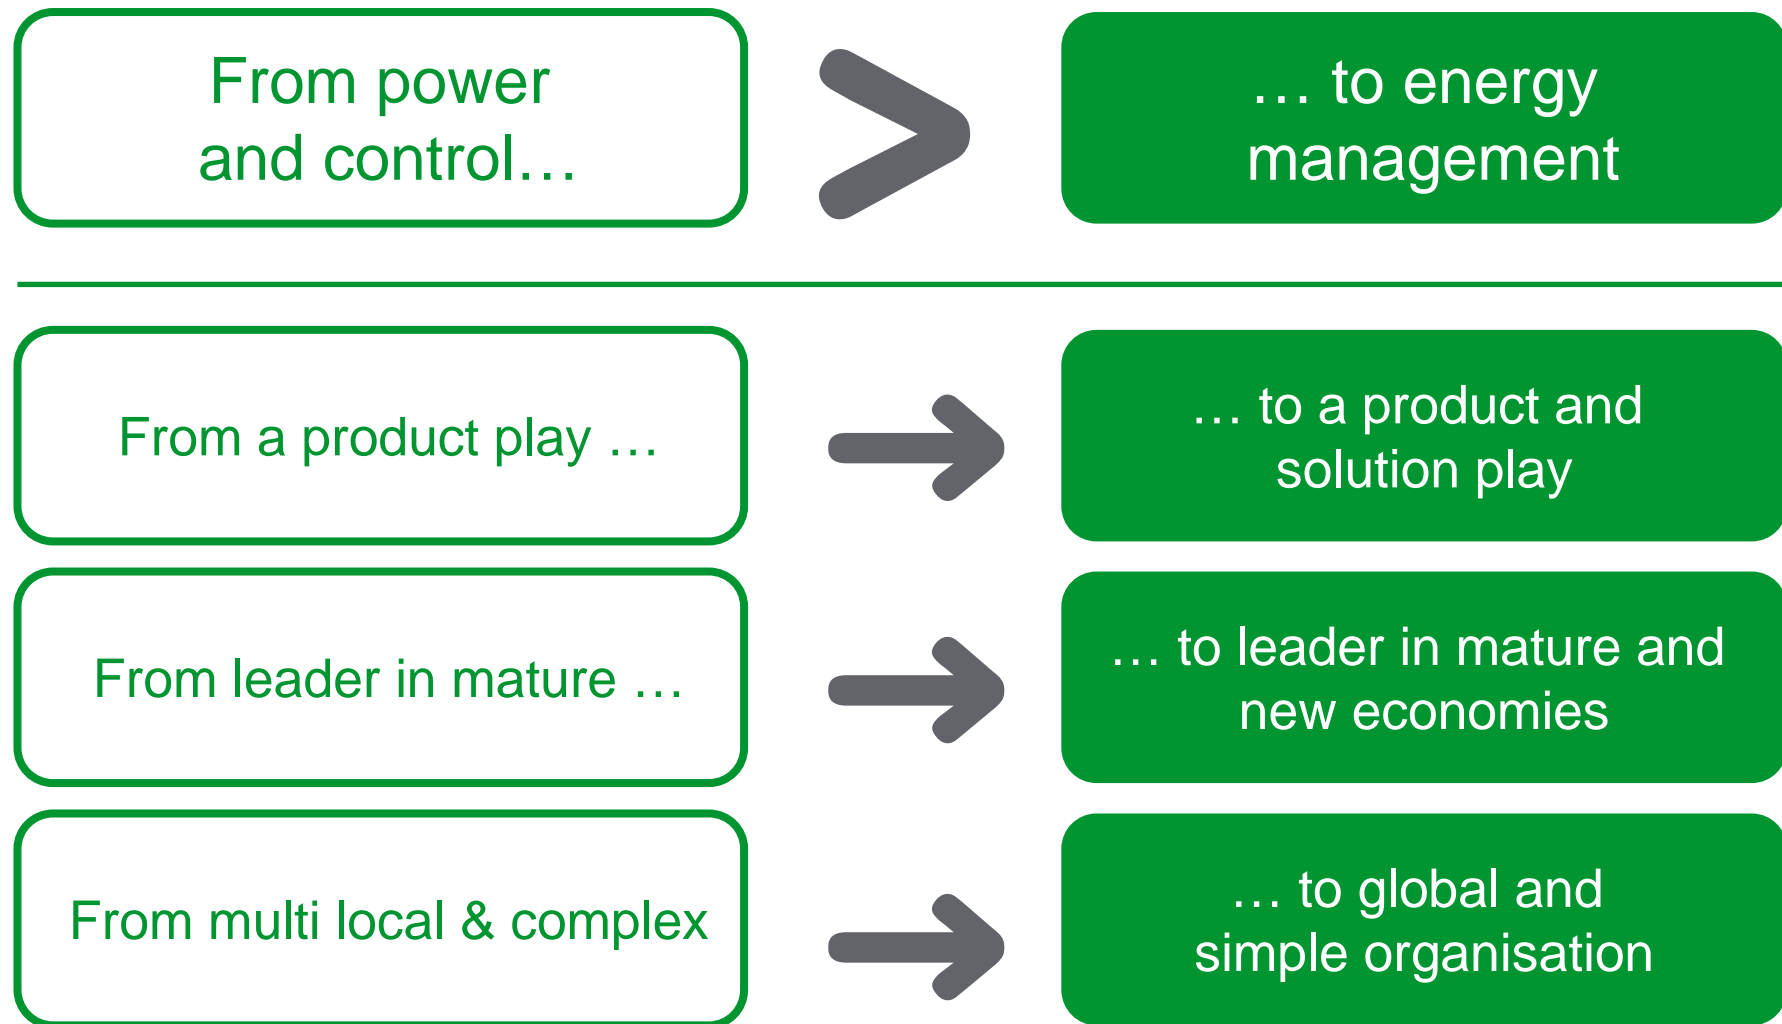

**Capture growth opportunities**

# Appendix I

One: our new company program for  
2009-2011

# The Case for Change: 4 radical transformations

# Strategic initiatives supported by 2 strong fundamentals and 3 key transformations...

... leading to :

- superior organic growth across the cycles
- lower cost structure in the near term & beyond

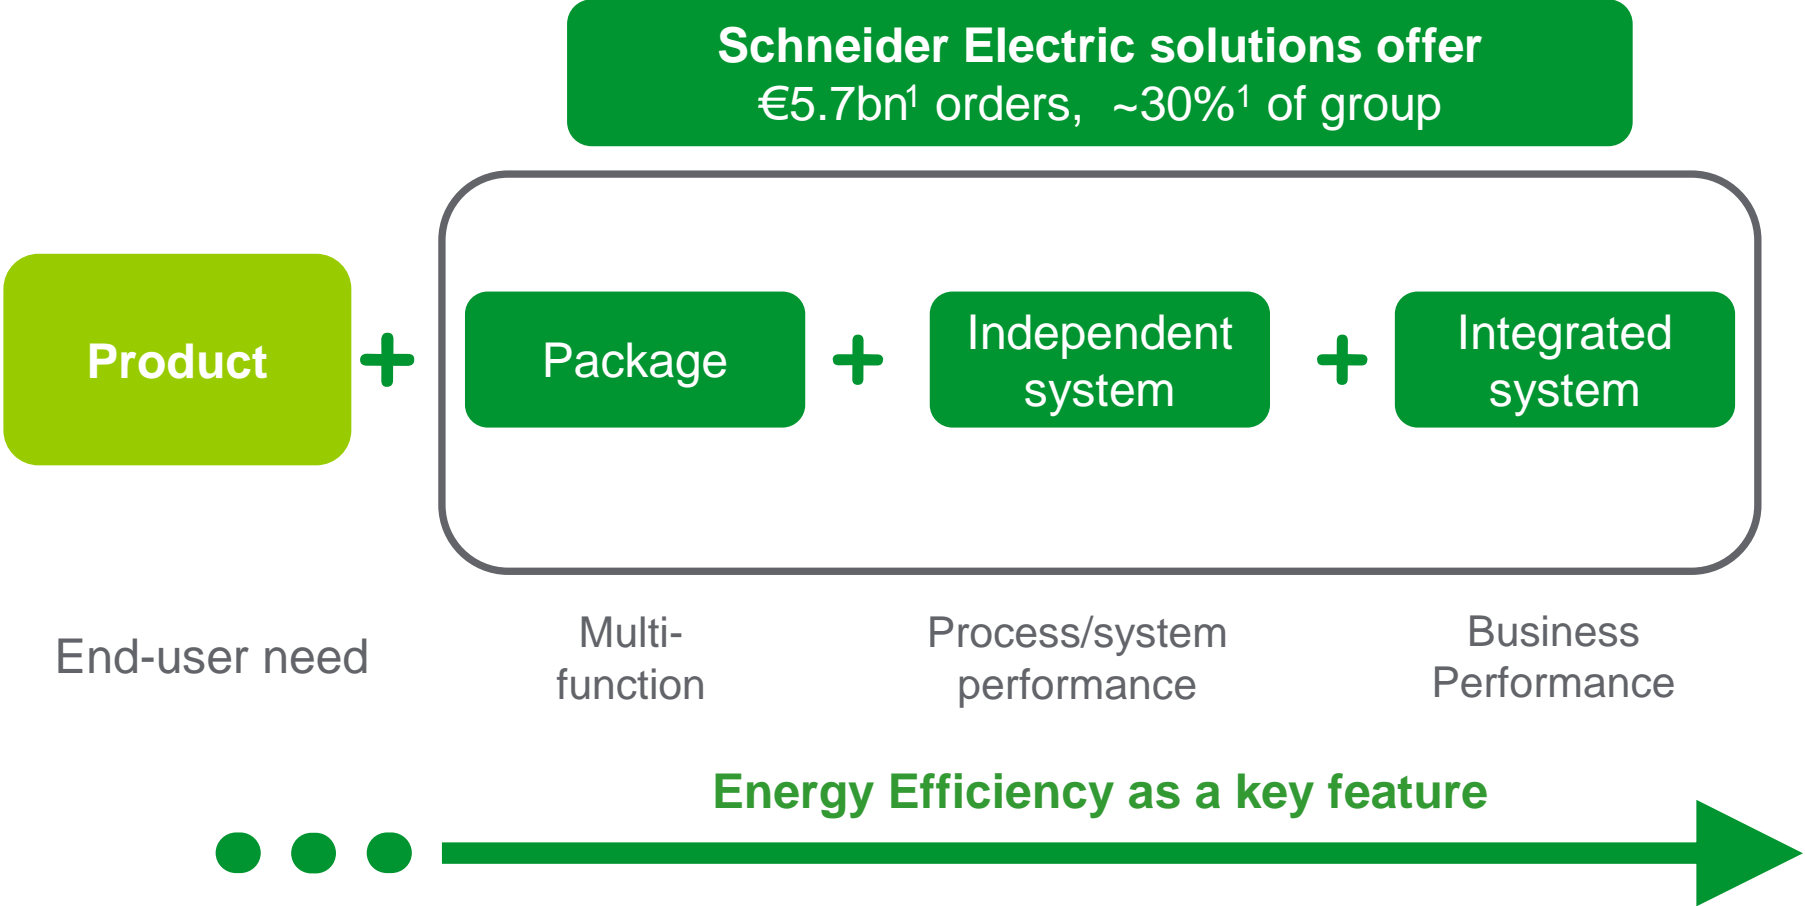

1 solution provider

1 leader  
in new economies

1 global company

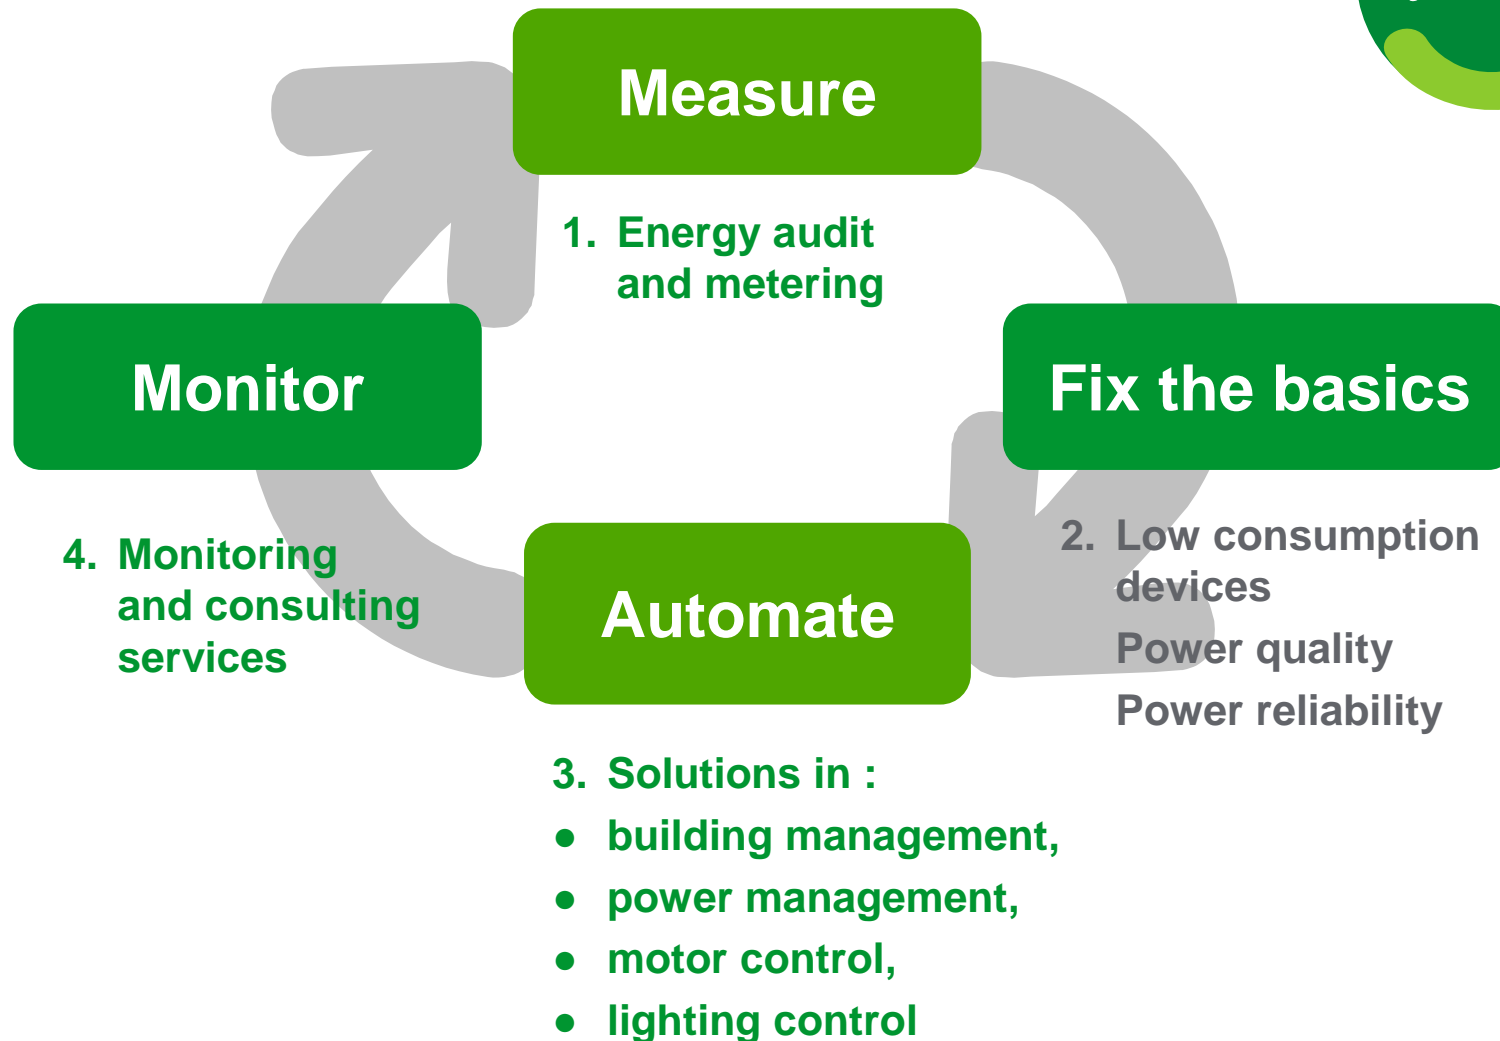

# We aim to leverage our solution capability to capture a bigger part of the value chain

<sup>1</sup> Figures in 2008

# We bring value all along the energy efficiency lifecycle with standardized approach

# Increased presence to end-user will further boost our service business

## Build solutions

### Improve solutions

- Performance audit
- Energy audit
- Consulting support

### lifecycle of customer's installation

### Operate solutions

- Operations and maintenance
- Audit and diagnosis
- 24/7 operational support

# We are one solution provider with enhanced growth profile

- **Common architecture** that bridges our fields of expertise, with open interoperable systems
- **End-users focused** front offices
- **Energy efficiency** as the key enabler for the implementation of solutions
- **Virtuous circle** leading to increased service revenues

**Solutions grow at GDP + 5pts  
across the cycles**

1 solution provider

1 leader  
in new economies

1 global company

# We have established strong market presence and industrial base in new economies

\*Asian countries excluding Japan, Africa, Middle East, Latin America & Mexico, Eastern Europe including Russia

# Our ambition is to become the champion in new economies by 2011

1 solution provider

1 leader  
in new economies

1 global company

# Simplification is a pre-requisite for many of our strategic initiatives

Reduce complexity	2008	2011	vs.2008
Product references (SKUs)	800 000	400 000	÷ 2
Production suppliers	20,000	10,000	÷ 2
Active brands	120	10	÷ 12
Operating sites (industrial & commercial)	1,400	1,000	-30%
Reporting entities	560	350	-40%
Complexity Index	100	1	
	Reference base		

One simple way of doing business across the board

# We have launched initiatives leading to expected savings of €1.6 billion by 2011

€m savings\*

Total savings by 2011

**One simple way**

*(support function costs)*

→ Structural savings

→ Crisis adaptation

**One lean supply chain**

\* Before restructuring costs of €660m over 3 years

1 solution provider

1 leader  
in new economies

1 global company

- **One** simple way

# Our ambition is to generate support function cost savings of €1bn annually from 2011

## Simplification streams

**Finance & HR optimization**

**Marketing simplification**

**Sales Force effectiveness**

**Other actions**

(R&D and IT for up to 130, reduction of management entities, support for industry...)

## Savings ambition (in €m)

**2011 Savings \***

\* Before restructuring costs

1 solution provider

1 leader  
in new economies

1 global company

- **One simple way**
- **One supply chain**

# Our objective is to boost productivity in our supply chain

- Continue to simplify our supply chain to drive improved services for our customers at lower cost

	2008	2011	
<b>Product references (SKUs)</b>	800,000	400,000	<b>2x</b> more efficient
<b>Production suppliers</b>	20,000	10,000	
<b>Distribution centers</b>	140	80	

- Reduction of product cost by reinforcing the quality and value engineering
- Continue the rebalancing of our industrial footprint with suppliers and manufacturing sites

Cumulative gross savings  
of **€600m** by 2011

# Large savings are expected from supplier concentration

- Select a limited number of suppliers demonstrating best-in-class quality, delivery and cost and co-development competencies

% of purchases from selected suppliers

- Massify purchasing with 1,000 to 1,200 selected suppliers
- Start immediately at new product development level

# Continuing rebalancing of industrial costs and headcount to low cost countries

The target is to **rebalance ~€240m per year** to low cost countries

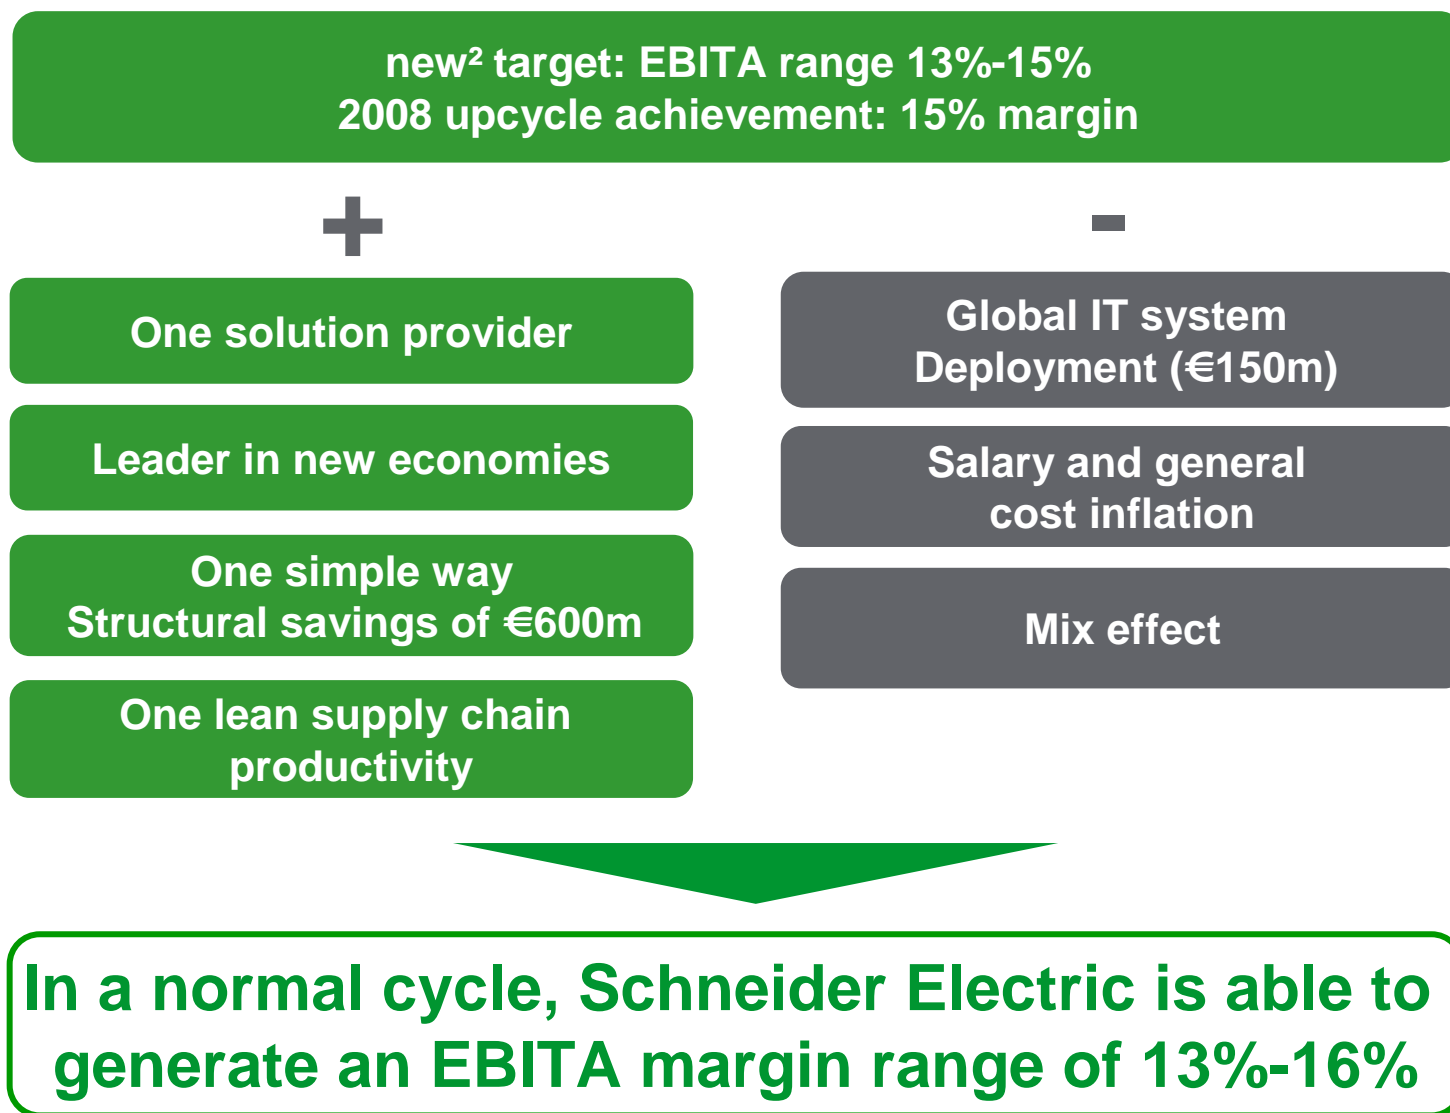

# One Finance Presentation

# Across the cycle, Schneider Electric's profile is a growth rate at GDP +3 points

# Across the cycle, earnings drivers should support a continued improvement of profitability

# In the short term we are managing a global economic downturn

Environment	Management Response	Outcome
Global downturn	Flexibility	Resilience
<p><b>2009 H1</b> organic sales down 17.9%</p> <p><b>Outlook:</b> 2009 H2 organic sales trend to be in line with the level of H1</p>	<p>We are well prepared to manage the downturn:</p> <ul style="list-style-type: none"> <li>- <b>Intensification</b> of support function costs reduction by adding up to €400m over three years</li> <li>- <b>Conservative cash management</b> (capex reduction, active working capital management)</li> <li>- Restructuring costs <b>€660m</b> over 3 years</li> </ul>	<p>Under these conditions, we want to deliver:</p> <ul style="list-style-type: none"> <li>- Support function costs savings of <b>€1.0bn</b></li> <li>- <b>EBITA margin floor at 12%</b> before restructuring costs</li> <li>- a cash conversion of <b>100%</b> of net income</li> </ul>

# Appendix II

# Details on the pension reclassification

	H1 2007	H2 2007	H1 2008	H2 2008	H1 2009
Interest cost	-56	-64	-57	-66	-66
Expected return on assets	51	56	44	60	36
<b>Net charge reclassified</b>	<b>-6</b>	<b>-8</b>	<b>-13</b>	<b>-6</b>	<b>-30</b>

- Change in presentation for the interest component of defined benefits plan costs
- Reclassification of the net charge from operating expenses to net financial costs
- Consistent with IFRS rules and in line with best practices
- Applied from H1 2009 onwards with 2008 restated accordingly

		H1 2008	H2 2008	H1 2009
<b>Initial P&amp;L reported</b>	EBITA before restructuring	1,398	1,520	
	% of sales	15.6%	16.2%	
	Finance costs	+13m -119	-195	
	Profit for the period	+0.2pt 851	831	
<b>After reclassification</b>	EBITA before restructuring	1,411	1,526	903
	% of sales	15.8%	16.3%	11.6%
	Finance costs	-132	-201	-198
	Profit for the period	851	831	346

# Definitions

- EBITDA: EBIT before net depreciation and amortization
- EBITA: EBIT before amortization and impairment of purchase accounting intangibles and impairment of goodwill
- Cash conversion: Free cash flow / net income
- Free cash flow: Operating cash flow – change in working capital – net capital expenditures
